the back fold must be on the long side (287 mm)
Minimum weight for single-sheets inserts: 150 g/m²

The delivery address for bound-in inserts and any supplements will be given to you with the order confirmation.

Data format

We accept the following data formats:
PDF, EPS, TIFF, JPG.

Please observe the following points:

1. Embed all text or convert it into streams.
2. Use only CMYK colours.
3. With pixel-oriented data formats, we require a resolution of at least 250 dpi.
4. Do not compress JPG files too strongly, or this will lead to visible loss of image quality. Use the "maximum" or "high" quality gradings.

To avoid errors, please observe the following:

Send all text to be used and associated files together. Attach a hard copy/print-out to the layout check. Ensure that no RGB colours are used in any files, including the associated files. For files from programmes not intended for the creation of printed documents (e.g. Word, Excel, Powerpoint), the files must always be converted. This means inevitable changes in data and considerable additional work, which we have to add to your invoice.
